Fight Covid
Don't wait, vaccinate.

+ Why get the Covid Vaccine?

Your health, safety, and welfare in the face of the corona-virus disease (COVID-19) is our highest priority.

According to the Centers for Disease Control and Prevention (CDC), older adults and people who have severe chronic medical conditions like **heart, lung, or kidney disease** seem to be at higher risk for more serious COVID-19 illness.

This means that most people with Medicare are at higher risk.

+ Protecting Yourself and Others

	Wear a mask that covers your mouth and nose.
	Stay at least 6 feet (about 2 arm lengths) from others who don't live with you, particularly in crowded areas.
	Avoid crowds and indoor spaces as much as possible, particularly ones that aren't well ventilated.
	Wash your hands often.
	Watch for symptoms.
	Stay home if you think you've been exposed to COVID-19.
