Nuestra información de contacto, junto con la fecha de la última actualización del Formulario, aparece en las páginas de la portada y contraportada.

### **¿Qué es el Formulario de El Paso Health Advantage Dual SNP (HMO D-SNP)?**

Un Formulario es una lista de medicamentos cubiertos seleccionados por El Paso Health Advantage Dual SNP con la colaboración de un equipo de proveedores de atención médica, que representa los tratamientos con receta que se considera que son parte necesaria de un programa de tratamiento de calidad. Normalmente, El Paso Health Advantage Dual SNP cubrirá los medicamentos incluidos en el formulario, siempre que el medicamento sea medicamento necesario, el medicamento con receta se obtenga en una farmacia de la red de El Paso Health Advantage Dual SNP y se cumpla con otras normas del plan. Para obtener más información sobre cómo obtener sus medicamentos con receta, consulte la Evidencia de cobertura.

## ¿Puede cambiar el Formulario (lista de medicamentos)?

La mayoría de los cambios en la cobertura de los medicamentos ocurren el 1 de enero, pero nosotros podríamos agregar o quitar medicamentos de la Lista de medicamentos durante el año, moverlos a diferentes niveles de costo compartido o agregar nuevas restricciones. Debemos seguir las reglas de Medicare para hacer estos cambios.

**Cambios que pueden afectarlo este año:** en los casos a continuación, usted se verá afectado por los cambios de cobertura durante el año:

- **Nuevos medicamentos genéricos.** Podemos eliminar inmediatamente un medicamento de marca de nuestra Lista de medicamentos si lo reemplazamos con un nuevo medicamento genérico que aparecerá en el mismo nivel de costo compartido o en un nivel de costo compartido más bajo y con las mismas restricciones o menos. Además, cuando agreguemos el nuevo medicamento genérico, podemos decidir mantener el medicamento de marca en nuestra Lista de medicamentos, pero inmediatamente moverlo a un nivel de costo compartido diferente o agregar nuevas restricciones. Si actualmente está tomando ese medicamento de marca, quizás no le informemos con antelación antes de que realicemos el cambio, pero más adelante le proporcionaremos información sobre los cambios específicos que hemos realizado.
  - Si realizamos un cambio, usted o la persona autorizada a dar recetas pueden solicitarnos que hagamos una excepción y sigamos cubriendo el medicamento de marca para usted. En el aviso que le proporcionamos también se incluirá información sobre cómo solicitar una excepción, y usted también puede encontrar información en la sección a continuación titulada “¿Cómo puedo solicitar que se haga una excepción al Formulario de El Paso Health Advantage Dual SNP (HMO D-SNP)?”.
- **Medicamentos retirados del mercado.** Si la Administración de Alimentos y Medicamentos considera que un medicamento de nuestro Formulario es inseguro o el fabricante del medicamento lo retira del mercado, eliminaremos de inmediato dicho medicamento de nuestro Formulario y les notificaremos a los miembros que toman el medicamento en cuestión.
- **Otros cambios.** Podemos hacer otros cambios que afectan a los miembros que actualmente toman un medicamento. Por ejemplo, podemos agregar un medicamento genérico que no es nuevo en el mercado para reemplazar un medicamento de marca que actualmente se encuentre en el Formulario o agregar nuevas restricciones al medicamento de marca o moverlo a un nivel de costo compartido diferente. O bien, podemos hacer cambios en función de las nuevas pautas clínicas. Si retiramos medicamentos de nuestro Formulario, o agregamos autorizaciones previas, restricciones de límite de cantidad o de tratamiento escalonado en un medicamento, debemos notificarles a los miembros afectados por el cambio al menos 30 días antes de que entre en vigencia dicho cambio, o cuando el miembro solicite un resurtido del medicamento, momento en el cual el miembro recibirá un suministro del medicamento para 30 días.
  - Si realizamos estos otros cambios, usted o la persona autorizada a dar recetas pueden solicitarnos que hagamos una excepción y sigamos cubriendo el medicamento de marca para usted. En el aviso que le proporcionamos también se incluirá información sobre cómo solicitar una excepción, y usted también puede encontrar información en la sección a

continuación titulada “¿Cómo puedo solicitar que se haga una excepción al Formulario de El Paso Health Advantage Dual SNP (HMO D-SNP)?”.

**Cambios que no lo afectarán si actualmente toma el medicamento.** En general, si usted toma un medicamento de nuestro Formulario para 2020 que estaba cubierto al comienzo del año, nosotros no discontinuaremos ni reduciremos la cobertura del medicamento durante el año de cobertura 2020, excepto como se describe anteriormente. Esto significa que, por el resto del año de cobertura, estos medicamentos continuarán disponibles al mismo costo compartido y sin nuevas restricciones para aquellos miembros que estén tomándolos.

El Formulario adjunto es vigente a partir del 10/01/2020. Para recibir información actualizada sobre los medicamentos cubiertos por El Paso Health Advantage Dual SNP, comuníquese con nosotros. Nuestra información de contacto aparece en las páginas de la portada y contraportada. Cuando se realizan cambios en el formulario impreso, El Paso Health Advantage Dual SNP enviará hojas de formulario actualizadas para los medicamentos afectados por correo, y publicará actualizaciones en el sitio web en [www.ephmedicare.com](http://www.ephmedicare.com).

## ¿Cómo utilizo el Formulario?

Hay dos formas para encontrar su medicamento dentro del Formulario:

### Afección médica

El Formulario comienza en la página 9. Los medicamentos de este Formulario están agrupados en categorías según el tipo de afección médica para cuyo tratamiento se los emplea. Por ejemplo, los medicamentos utilizados para tratar una afección cardíaca se enumeran dentro de la categoría Agentes Cardiovasculares. Si sabe para qué se utiliza su medicamento, busque el nombre de la categoría en la lista que empieza en la página 9. Luego, busque su medicamento debajo del nombre de la categoría.

### Listado alfabético

Si no está seguro de qué categoría consultar, debe buscar su medicamento en el Índice que comienza en la página 111. El Índice proporciona una lista alfabética de todos los medicamentos incluidos en este documento. En el Índice, están tanto los medicamentos de marca como los genéricos. Busque en el Índice y encuentre su medicamento. Junto a su medicamento, verá el número de página donde puede encontrar información acerca de la cobertura. Vaya a la página que figura en el Índice y encuentre el nombre de su medicamento en la primera columna de la lista.

## ¿Qué son los medicamentos genéricos?

El Paso Health Advantage Dual SNP cubre tanto los medicamentos de marca como los genéricos. Un medicamento genérico está aprobado por la Administración de Drogas y Alimentos (FDA) dado que se considera que tiene el mismo ingrediente activo que el medicamento de marca. Normalmente, los medicamentos genéricos cuestan menos que los de marca.

## ¿Hay alguna restricción en mi cobertura?

Algunos medicamentos cubiertos pueden tener requisitos o límites adicionales de cobertura. Estos requisitos y límites pueden incluir:

- **Autorización previa:** El Paso Health Advantage Dual SNP exige que usted o su médico obtenga una autorización previa para determinados medicamentos. Esto significa que necesitará contar con la aprobación de El Paso Health Advantage Dual SNP antes de obtener sus medicamentos con receta. Si no consigue la autorización, es posible que El Paso Health Advantage Dual SNP no cubra el medicamento.
- **Límites de cantidad:** Para ciertos medicamentos, El Paso Health Advantage Dual SNP limita la cantidad del medicamento que cubrirá. Por ejemplo, El Paso Health Advantage Dual SNP proporciona 120 unidades por receta para las tabletas de sulfato de morfina 15mg ER. Esto puede ser complementario a un suministro estándar para un mes o tres meses.
- **Tratamiento escalonado:** en algunos casos, El Paso Health Advantage Dual SNP requiere que usted primero pruebe ciertos medicamentos para tratar su afección médica antes de que cubramos otro medicamento para esa enfermedad. Por ejemplo, si el medicamento A y el medicamento B tratan su afección médica, es posible que El Paso Health Advantage Dual SNP no cubra el medicamento B a menos que usted pruebe primero el medicamento A. Si el medicamento A no funciona para usted, entonces El Paso Health Advantage Dual SNP cubrirá el medicamento B.

Para averiguar si su medicamento tiene requisitos o límites adicionales, consulte el Formulario que empieza en la página 9. También puede obtener más información sobre las restricciones que se aplican a medicamentos cubiertos específicos en nuestro sitio web. Hemos publicado un documento en línea que explica nuestra restricción de autorización previa o restricción de tratamiento escalonado. También puede pedirnos que le enviemos una copia. Nuestra información de contacto, junto con la fecha de la última actualización del Formulario, aparece en las páginas de la portada y contraportada.

Puede pedirle a El Paso Health Advantage Dual SNP que haga una excepción a estas restricciones o límites, o puede solicitarle una lista de otros medicamentos similares que puedan tratar su afección médica. Consulte la sección “¿Cómo puedo solicitar que se haga una excepción al Formulario de El Paso Health Advantage Dual SNP?” en la página 5 para obtener información acerca de cómo solicitar una excepción.

## ¿Qué pasa si mi medicamento no está en el Formulario?

Si el medicamento que toma no está incluido en este Formulario (lista de medicamentos cubiertos), primero debe comunicarse con Servicios para los miembros y preguntar si su medicamento está cubierto.

Si resulta que El Paso Health Advantage Dual SNP no cubre el medicamento que toma, tiene dos alternativas:

- Puede pedir a Servicios para los miembros una lista de medicamentos similares que estén cubiertos por El Paso Health Advantage Dual SNP. Cuando reciba la lista, muéstresela a su médico y pídale que le recete un medicamento similar que esté cubierto por El Paso Health Advantage Dual SNP.
- Puede solicitar que El Paso Health Advantage Dual SNP haga una excepción y cubra su medicamento. Consulte a continuación para obtener información sobre cómo solicitar una excepción.

## **¿Cómo puedo solicitar que se haga una excepción al Formulario de El Paso Health Advantage Dual SNP?**

Puede solicitarle a El Paso Health Advantage Dual SNP que haga una excepción a nuestras normas de cobertura. Hay varios tipos de excepciones que puede solicitarnos.

- Puede pedirnos que cubramos un medicamento, incluso si no está en nuestro Formulario. Si se aprueba, este medicamento estará cubierto a un nivel de costo compartido predeterminado, y usted no podrá pedirnos que le brindemos el medicamento a un nivel de costo compartido menor.
- Puede pedirnos que no apliquemos restricciones o límites de cobertura para su medicamento. Por ejemplo, para ciertos medicamentos, El Paso Health Advantage Dual SNP limita la cantidad del medicamento que cubriremos. Si su medicamento tiene un límite de cantidad, puede pedirnos que hagamos una excepción al límite y cubramos una cantidad mayor.

Por lo general, El Paso Health Advantage Dual SNP solo aprobará su pedido de excepción si los medicamentos alternativos incluidos en el Formulario del plan, o las restricciones de uso adicionales no fueran tan efectivos para tratar su afección o pudieran causarle efectos médicos adversos.

Debe comunicarse con nosotros para solicitarnos una decisión inicial de cobertura para una excepción al Formulario, o a la restricción de uso. **Cuando solicita una excepción al Formulario, o a la restricción de uso, debe presentar una declaración de su médico o de la persona autorizada a dar recetas que respalde su solicitud.** Por lo general, debemos tomar una decisión dentro de las 72 horas a partir de la fecha de haber recibido la declaración que respalda su solicitud por parte de la persona autorizada a dar recetas. Puede solicitar una excepción acelerada (rápida) si usted o su médico consideran que esperar 72 horas para la toma de la decisión podría perjudicar gravemente su salud. Si se le concede el trámite rápido de la excepción, debemos comunicarle nuestra decisión a más tardar dentro de las 24 horas después de haber recibido la declaración de respaldo de su médico o de otra persona autorizada a dar recetas.

## **¿Qué debo hacer antes de hablar con mi médico sobre el cambio de los medicamentos que tomo o la solicitud de una excepción?**

Como miembro nuevo o permanente de nuestro plan, es posible que esté tomando medicamentos que no están incluidos en el Formulario. También es posible que esté tomando un medicamento incluido en el Formulario, pero su capacidad de conseguirlo sea limitada. Por ejemplo, puede necesitar nuestra autorización previa antes de poder obtener su medicamento con receta. Debe consultar con su médico para decidir si debe cambiar su medicamento por uno apropiado que nosotros cubramos o solicitar una excepción al formulario

para que le cubramos el medicamento que toma. Mientras evalúa con su médico el procedimiento adecuado para seguir en su caso, podemos cubrir su medicamento, en ciertos casos, durante los primeros 90 días en que usted sea miembro de nuestro plan.

Para cada uno de los medicamentos que no estén incluidos en el Formulario, o si su capacidad para conseguir los medicamentos es limitada, cubriremos un suministro temporal para 30 días. Si su receta está indicada para menos días, permitiremos que realice resurtidos por un máximo de hasta 30 días del medicamento. Después del primer suministro para 30 días, no seguiremos pagando estos medicamentos, incluso si ha sido miembro del plan durante menos de 90 días.

Si es residente de un centro de atención a largo plazo y necesita un medicamento que no está en el Formulario o si su capacidad para conseguir los medicamentos es limitada, pero ya pasaron los primeros 90 días de membresía en nuestro plan, cubriremos un suministro de emergencia del medicamento para 31 días mientras solicita la excepción al formulario.

### **Niveles de Atención**

El proceso de transición de El Paso Health Advantage Dual SNP prevé otras circunstancias que existen en las que podrían surgir transiciones no planificadas para los miembros actuales y en las que los regímenes de medicamentos prescritos pueden no estar en nuestro formulario. Estas circunstancias generalmente implican el nivel de cambios de atención para un miembro que está cambiando de un ajuste de tratamiento a otro, tales como:

1. Miembros que ingresan a centros de atención a largo plazo (LTC, por sus siglas en inglés) de hospitales con una lista de alta de medicamentos del formulario del hospital con una planificación a muy corto plazo tomada en cuenta (es decir, menos de 8 horas).
2. Miembros que son dados de alta de un hospital a un hogar con una planificación a muy corto plazo.
3. Miembros que terminan su centro de enfermería especializada Medicare Parte A estadia (donde los pagos incluyen todos los cargos de farmacia) y que necesitan volver a su formulario del plan de la Parte D.
4. Miembros que renuncian al estatus de hospicio para volver a los beneficios estándar de la Parte A y B de Medicare.
5. Los miembros que terminan una instalación en un LTC y regresan a la comunidad.
6. Miembros que son dados de alta de hospitales psiquiátricos con regímenes de drogas altamente individualizados.
7. Las circunstancias anteriores a menudo resultan en miembros y/o proveedores que utilizan los procesos de excepciones y/o apelaciones de El Paso Health Advantage Dual SNP. Para estas transiciones no planificadas, El Paso Health Advantage Dual SNP hace determinaciones de cobertura y re determinaciones tan rápidamente como la condición de salud del miembro requiere.
8. El proceso de transición de El Paso Health Advantage Dual SNP garantiza la conciliación adecuada de medicamentos para los miembros al ser dado de alta de las instalaciones de LTC u otras instalaciones, de modo que se pueda lograr una transición efectiva.

- a. El estándar actual de atención promueve que los cuidadores reciban recetas ambulatorias de la Parte D antes del alta de una estancia en la Parte A. Los miembros, sin culpa propia, pueden no tener acceso al resto de la receta previamente dispensada.
  - b. El Paso Health Advantage Dual SNP permite al miembro acceder a una recarga al ingresar o descargar de una instalación de LTC.
9. El Paso Health Advantage Dual SNP utiliza datos de reclamos para determinar si el miembro ha experimentado un cambio de nivel de cuidado y permite un relleno de transición cuando corresponda. Cuando los datos de reclamos no se pueden utilizar para determinar un cambio de nivel de cuidado, una farmacia puede necesitar llamar a Navitus Servicios de Miembros para procesar una anulación del punto de venta con el fin de realizar este tipo de relleno de transición.
